

Our client located in Mannheim is a fast-growing start-up that is focused on helping other companies to produce, move, sell and maintain physical goods by automating their operations using data and artificial intelligence. The main focus is on customer satisfaction and creating value by delivering end-to-end projects from design to implementation. For his location in Mannheim, our customer is looking for a qualified:

Project Manager (m/f/d)

Job-ID: CF-00004105

Ort: Mannheim

Remoteanteil / Home Office: 60% bis 80%

Main tasks:

- Manage IT projects in classic and efficient way regarding time, resource, and quality, according to the required IT Project Management Policies
- Start, lead, and control the project (technically elaborate projects or programs) including report to the Portfolio Management and to the Steering Committee
- Since the early stage of the project initialization, you will support and lead the projects until they are successfully turned over to operational business
- International and local projects management with focus on SAP or non-SAP projects
- Coordinate test cycles (e.g., integration-, regression-, validation-test) throughout the project

Your technical qualifications:

- 2 or more years of experience in leading IT projects and programs
- Strong presentation and communication skills
- Good German language skills

Your personal qualifications:

- Open mindset, passion to work with people, and positive attitude
- Demonstrate leadership, interpersonal skills, and team player abilities

Our client offers:

- An international motivated team in a dynamic work environment
- A flexible work schedule
- Modern offices
- First-class equipment

- Regular team events
